## Trainer Profile:

Guardian Fire & Safety have been helping business and community organisations meet their Fire & Life Safety obligations since 2004. Larry Kirwan, Lead Trainer is a qualified Fire Risk Assessor, Fire Warden Instructor and is certified in the provision and maintenance of Fire Extinguishers to Irish Standard 291. He also holds a certificate in Training & Continuing Education from NUI Maynooth.

## Course Aim:

To provide participants with a basic understanding of Fire Safety in the workplace, actions to take in the event of discovering a fire or upon hearing the fire alarm and how to select and use a fire extinguisher.

## Course Content:

- Fire Safety Legislation
- Employee's Responsibilities
- Principles of Fire Safety
- Hazard spotting and day-to-day fire safety awareness
- Actions in the event of a fire
- Practical Session: Fire Extinguisher Discharge Training

## Who should attend?

Fire Safety Training is a legal requirement for all staff under the Safety, Health and Welfare at Work Act, 2005. This course is ideal for new staff, existing personnel who have never received formal training, or staff requiring refresher training.
