Who should attend this course?

The course is suitable for all those who need a basic understanding of data protection obligations and the need to achieve compliance. All employees who are in regular contact with client or employee personal information will find it of interest and benefit, including: Customer support and call centre staff; Human resources staff; Legal secretaries; Health sector administration staff; Financial services sales and administrators; Accounts personnel; Line managers in admin., sales, marketing and HR staff; Database administrators and document management staff.

COURSE OVERVIEW

The EU General Data Protection Regulation (EU GDPR) is new legislation that provides a single, data privacy law for the European Union. The EU GDPR aims to prevent the loss of personal data by improving data security for all individuals living in EU member states. Irish organisations have until May 2018 to comply with the new law, or potentially face fines of up to 4% of annual turnover or €20 million. This one day introductory course, delivered by a data protection specialist, provides an introduction into the compliance of the new EU Data Protection regulations.
