

Energy Reduction Workshop

Increase Profits with Energy Efficiency

Understanding & managing your electricity usage and bills are the key to achieving improvements and savings.

This 2.5 hour workshop will teach you how to:

- Develop an action plan to achieve identified savings in electricity usage, thus reducing your bill
- Set up an action programme for getting savings projects completed.
- Information will be given on the available grant aid and what types of projects qualify.
- Real life case studies will be presented and full workshop materials will be provided to attendees.
- Please bring your bills with you on the day, as these will be analysed to show you where you are using most of your electricity.

This workshop is sponsored by Energia.

Free Workshop	Thur 19 th April 2018; 10.30am to 1.00pm
Venue	Conference Room @ Rising Tide Business Centre, No.35 South Street, New Ross
Trainer	PJ Henry, Energia Consultant
